

EASTER SEALS ALBERTA

COVID-19 Policies and Procedures

Families & Individuals

2022

Before Camp

During registration all campers must complete the COVID-19 waiver and upload a copy of their COVID-19 vaccinations.

- i. We require a minimum of **2 doses** of the COVID-19 vaccine.

Prior to arrival at camp a health screening must be completed and presented to admittance staff.

- ii. Health screening must be completed no more than 12hrs before arrival.

Arrival at Camp

All parents/guardian are required to stay in their vehicles during drop off.

Admittance staff will come to your vehicle to double check paper work, health screening, and collect any necessary medication. Once confirmed your camper's counsellor will come and retrieve them and their baggage and bring them into camp.

At Camp

Campers will be organized into cohorts based on the camp they are enrolled in. Cohorts will have limited interaction with other groups on site.

Enhanced cleaning and disinfecting procedures are in place for before, during, and after camp. High touch areas and frequently used spaces will be cleaned on a regular basis throughout the day. Staff will clean and disinfect all equipment and program spaces in-between use.

Physical distancing will be used when campers have to interact with campers outside of their cohort.

Campers will be required to wear masks indoors. Masks will not be required in cabins when with their cohort. Masks will be **required** when physical distancing between cohorts is not possible.

Hand washing and sanitization will be required on a regular basis. Hand sanitizer stations will be placed around camp. Campers are required to sanitize their hands before and after each activity.

In The Event of a Positive COVID Case

Upon showing symptoms of COVID-19 the camper will be immediately placed into isolation. The Camp Nurse will then assess the camper and make a decision on their findings. It is the Camp Nurse sole discretion to make a COVID-19 assessment.

Should the camper be found to likely be positive for COVID-19, the parent/guardian will be contact and required to come and retrieve their camper.

Members of the ill camper's cohort will be monitored closely for developing symptoms.

Departure from Camp

All parents/guardian are required to stay in their vehicles during pick up. Admittance staff will come to your vehicle to ask which camper you are picking up. After confirming, the cabin counsellor will bring your camper and their baggage to your vehicle.
